Description :

Universitas Indonesia as an educational institution has a focus on providing library public access services and increasing the quality of sustainable public access to science via the books and texts at its library. The collection of books and manuscripts owned by the UI Library can be accessed by all levels of society without exception, with a total collection reaching 900,665 books, journals, magazines, scientific works and others.

The UI Library has public spaces that can be accessed or used publicly by UI civitas academica and the general public. These spaces can also be used together, individually or in groups.

1. The four-storey public collection space at UI Library, out of the five floors accessible to UI members and the public
2. The on-site reading facilities for UI Library's collections open from 8.00 AM to 7.00 PM on Monday to Friday and 8.00 AM to 4.00 PM on Saturday.
3. Universitas Indonesia is also open to public suggestions on how to develop its library collections.

The UI library also provides facilities for accessing library collections online. This online facility is used to track collection information in the library through the online site lib.ui.ac.id and file downloads can be accessed by UI civitas academica for free.
