Both posters include registration links and QR codes.

Cross sectoral dialogue about SDGs

Description:

The Faculty of Psychology initiates and participates in cross-sectoral dialogue about the SDGs involving the government and non-governmental organizations. In 2021, the Faculty of Psychology and the National Civil Service Agency (BKN) talk over the importance of the human resource aspect in supporting the sustainable development of Indonesia's new capital. The Faculty of Psychology also talks over teacher, lecturer, and student's well-being with Yayasan Semai Jiwa Amini (SEJIWA Foundation), a non-profit organization that focuses on the safety and protection of children in real life and in cyberspace.
