

Mental health support

FIK has a Student Counseling Board which provides mental health support for students who have education problems and personal issues including the adjustment process to society and environment. The counseling team consists of faculty counselors and academic advisors. Mental health support for students and staff is also provided by the university through the facilities in Klinik Satelit and Klinik Terpadu. Information on Student Counseling Board Program in FoN UI (<https://nursing.ui.ac.id/guidance-dan-konseling/>). Since the pandemic, FoN UI has a team of Crisis Center who provides counseling for the students and staff. Academic and health counseling are carried out online via email, Zoom, Google Meet, social media, or phone calls.
