Description:

Universitas Indonesia has a process for employees to appeal on employee rights and/or pay. The rights of UI workers are listed in Chapter X of Rector's Decree No. 33/2018 about Human Resource Management. One of the benefits listed is workers' remuneration.

Workers, through the head of their work unit, are able to express their question or to appeal about their rights and obligations that they receive. The head of the work unit should write to the Vice Rector/Directorate that is responsible for the Human Resource Management about the question or the appeal. After receiving the letter, Directorate of Human Resource Management (Direktorat Sumber Daya Manusia/DSDM) will do the workload and position analysis. With the available data, the directorate will be able to accept or to refuse the appeal. The

decision to accept or to refuse the appeal is determined by the analysis result of position, organizational structure and governance, and positional evaluation in each unit.
